

Columbus Preschool 4K Monthly

January 2011

What Are We Doing This Month?

We will begin this month with a unit on the winter season. We will learn about nature changes in the winter, animals in the winter, clothing we wear, and activities we do in the winter.

The last two weeks in January we will have a unit on The Rainforest. We will have fun learning about where our friend Curious George is from, and about the other plants and animals that live there. George will again start visiting friend's homes after a long holiday break in December.

Concepts we are learning...

This month we will begin the month learning the he last few lower case letters: "f", "s" and "u". We will learn how to write them and the sounds they make. We will then have a review of lower case letters and strokes we use to make letters. At the end of the month we will begin Upper Case letters.

We will also focus more on rhyming words and opposites this month. We will also learn directional/positional concepts such as: Down/up, above/below, under/over, across, behind, etc...

In science we will learn about changes in regards to winter weather. We will learn about freezing and melting.

Songs, Poems, and Fingerplays...

The Wintery Wind

The winter wind blows.
The winter wind blows.
It gives me the shivers
From my head to my toes!

Happy Birthday to...
